

The Medicaid Partner Portal is Live

Medicaid waiver providers should have received a recent email invitation from the Department for Medicaid Services to begin the Kentucky Medicaid Partner Portal registration process.

The web-based Kentucky Medicaid Partner Portal replaces the paper-based enrollment processes for Medicaid providers. Specifically, the portal streamlines and automates activities such as provider screening, enrollment and maintenance of individual, group and entity information.

Users will access the Partner Portal by creating an account in Kentucky's Online Gateway (KOG). The KOG account creation process takes approximately five minutes. KOG user names and passwords then will enable users to access the portal.

Please be sure to check your junk/spam email folders if you have not located the Partner Portal invitation in your inbox.

For more information, please visit the Medicaid Partner Portal Information Page at <http://www.chfs.ky.gov/dms/mppa.htm>
